New York, August 20.—The passing of one of the most famous of the metropolitan race tracks appears probable with the announcement that negotiations for the sale of the Brighton Beach course have reached the stage where only the final details remain to be completed. The purchasers of the ground upon which she racing plant stands are Louis J. and Edward L. Somerville, constituting the firm known as the Semerville Realty Company. According to the announcement made at the Brooklyn office of the realty firm today, the negotiations with William Engeman have progressed so far that about all that remains is the affixing of the formal signatures. After the stands, stables and other buildings have been removed, the ground will be cut up into building lofs, more than 1,000 home sites being available.

the realty firm today, the negotiations with William Engeman have progressed so far that about all that remains is the affixing of the formal signatures. After the stands, stables and other buildings have been removed, the ground will be cut up into building lots, more' than 1,000 home sites being available.

The fall meeting scheduled to begin on September 28 and continuing for six days will probably be the last event of its kind held on the famous seashore track. It was reported at the track that Mr. Engeman had declared the correctness of the foregoing story over the telephone.

Another rumor in circulation to the effect that the Gravesend race course is to be abandoned this fall and its racing transferred to Aqueduct was branded as false and ridiculous by President Phillip J. Dwyer of the Brooklyn Jockey Club in person.

The four men arrested at the Empire City race track yesterday on warrants furnished by Sheriff Lane were arraigned today before Judge Beall in the court of Special Sessions at Yonkers. At the request of counsel, the hearing was postponed until August 20. Joseph J. Wissler, of Yonkers, furnished and the stable of the stable of

fall, and that the same conditions which marked Empire City's prosperous meeting would prevail there.

John Boden, clerk of the scales at Empire City, was taken suddenly ill during the afternoon and Algernon Daingerfield acted in his stead temporarily. Mr. Boden left for his home after the last race apparently us well as ever.

Frank Regan has been engaged to train the big R. F. Carman stable of racers. The entire establishment, augmented by a number of good mud runners, will be sent to Oakland to race early in October in charge of Mr. Regan.

Sweet, the recently injured apprentice jockey, is making such rapid progress towards recovery that his father said he thought the boy would be able to resume riding within a fortnight.

President Thomas H. Williams of the New Callfornia Jockey Club has written his trainer, H. E. Rowell, that he would arrive in New York about September I.

John Boden, secretary of the Brighton Beach Racing Association, said today that all claims against the track would be paid in full within a few days and that the fall meeting would be held as scheduled.

James R. Keene is said to have another filly marvel in Affliction, which has not yet been seen in public, but may make her debut in the Futurity. Touts are unanimous in declaring Affliction to be as good a filly as Maskette, and that if both start they will run first and second in the big Sheepshead Bay race. Affliction is by Meddler—Heartaede.

James R. Keene scored another double today with Footpad and Mascarada. The former ran a fast race in the Wakefield Stakes at five and a half furious, in which he defeated the swift western colt. Dick Roller, Torbellino, Direct and King Commoner. The runuing of the excellent card's chief feature unickly resolved itself into a procession, Dick Roller, Torbellino, Direct and King Commoner. indexly resolved itself into a procession, Dick Roller leading the favorite at a very fast clip for nearly a half mile before he succumbed and left Footpad to win.

The debut of another supposed invincible thoroughbred in Mascarada, from Mr. Keene's wonderful collection of two-year-old fillies, enhanced interest in the afternoon's doings. Expert opinion regarding Mascarada, particularly on her first showing, I classes her far below her stable companions. Maskette, Wedding Bells, Melisande and even Tattling, although she has been credited with having been tried as highly in private as any of the quartette.

From a purely racing standpoint the juvenile fixture was far overshadowed in importance and interest by the two handicaps at six furlongs and one mile respectively. Some of the best horses in training were engaged in these, including the famous fix Roseben and the recent record-breaker. Nimbus, in the sprint, and Master Robert, Firestone and Falcada in the longer race. Nimbus, under terrific pressure, seemingly maintained throughout, led Roseben expectively. hence their backward running. Firestone stripped big and was probably short. He displayed brilliant speed for six furlongs and then retired. He is in great form, however, and should beat this kind in his next essay.

Three odds-on favorites shared the honors equally with second and third choices. All conditions for the sport were ideal and the attendance and interest remain seemingly undiminished.

POWERS HAS A DAY OF GOOD FORTUNE.

Guides Five of the Fort Erie Winners-Splendida First but Disqualified.

Buffalo, N. Y., August 20.—Jockey Powers' skillful riding this afternoon was an added feature to the racing at Fort Erie. The Corrigan jockey landed four of his mounts winners, while the displacement of Splendida in the first race for fouling also coabled his backers to cash, as Tenorett, ridden by him, was awarded the purse. The victory of five favorites and the liberal backing accorded Powers bunkrolls. It is doubtful it the layers have exponents combined caused havoe with the bookinakers' bankrolls. It is doubtful it the layers have exponents combined caused havoe with the bookinakers' bankrolls. It is doubtful it the layers have exponents for the layers have exponents for the layers have exponents furnishing the contests. The feature race, a handicap at one mile, went to T. C. McDowell's consistent King's Daughter. Despite her heavy impost she was at all times the favorite, went into a good lead at the barrier's rise and, under a well-indiged ride, won all the way in the fast time of 1:391. Reidmoore ran a good race, and managed to wear Superstition down in the stretch drive for second place. St. Jeanne, which was compled in the betting with Superstition, stumbled shortly after the start, and John Carroll was unlucky enough to get away in a taugle. The latter ran a good race, but his showing did not warrant the belief that he would have beaten the McDowell filly with an even start. The McDowell colors were also carried to victory in the closing race when Huck won from Tons't Robinson and Arrow Swift.

No More Racing at Track by the Sea-All Other Meetings Will Be Held.

New York, August 20.—P. J. Dwyer, president of the Brooklyn Jockey Club, was asked yesterday if the report was true that the Gravesend fall meeting would be transferred to Aqueduct, in Queens county. Mr. Dwyer is chief owner of the Aqueduct track. Mr. Dwyer said that the Gravesend meeting would be held at the Brooklyn Jockey Club track as usual, that the stakes would be run off and that no overnight purse would be less than \$500. Mr. Dwyer also stated that the fall meeting at Aqueduct would be held as usual. It was learned, too, that the meeting at Jamaica will be run as formerly, As Belmont Park and Sheepshead Bay will also hold the usual fall meetings at Jamaica will be run as formerly. As Belmont Park and Sheepshead Bay will go on to the end of the season on November 15.

But there was a rumor afloat that there would be no fall meeting of six days at Brighton Beach. Men identified with the Jockey Club said that many of the horsemen who won purses at the recent Erighton Beach meeting had how yet received their money. J. S. Hoy up to yesterday had a serious grievance against the Brighton management. Hoy was the owner of Ragman, which was claimed out of a race at the Beach. He lost the colt and then could not get the amount paid for him, he said. Algernon Daingerfield, however, announced that Hoy's claim had just been paid. If there is no fall meeting at Brighton it has been suggested that the Empire City track take over the six days which will follow a similar session at Yonkers. Such an arrangement would give twenty-four racing days for Mr. Butler.

It is learned that the Brighton Beach Racing Association plant had been sold to a land developing company and that within a week laborers will be at work cutting the famous race course into streets and building lots. For a week or two rumors have been afloat that the last horse race had been rum on the track and that negotiations for its sale to a building swidicate were under way, but these were denied with much emphasis by officials of the association and the me

SEATTLE FORM STILL IN A TANGLE.

Seattle, Wash., August 20.—Today's results at The Meadows afforded favorite supporters no relief. As on the preceding day, every one of the public choices was bowled over, making it thirteen favorites that have lost without a single break. All of today's winners closed at 4 and 5 to 1, with the breaks favoring the layers. Fantastic and Smiley Corbett were the only favorites that made even a respectable showing. In taking Fantastic's measure in the most pretentious contest of the card, Green Seal equajed Charles Edward's American record of 1:50g for a mile and an eighth at Brighton Beach last year. This was one-fifth of a second faster than the existing record at The Meadows.

To beat Smiley Corbett Early Tide was forced to equal Toupee's track record of 1:11g for six furious. An unfortunate outcome of the race was that Early Tide pulled up lame with a ligament of one leg badly ruptured, which probably means an enforced retirement of considerable duration.

M'CHESNEY AND MATES GO TO BUENOS AYRES

New York, August 20.—One hundred and two thoroughbred mares and stallions belonging to James R. Keene and J. B. Haggin were shipped to Buenes Ayres. Argentina, today in charge of Matt Byrnes and fourteen attendants, including a Japanese veterinary surgeon. They were taken aboard the Lamport-Holt Line steamship Velasquez, on which specially built and fitted quarters had been arranged for the high strung thoroughbreds. A track on the deck will be used in calm weather for exercising purposes, Twenty-four of the horses in the big consignment came from Castleton, including the stallions Wild Mint and Zambesi. The other seventy-cight are from Elmenderf, including the famous McChesney and Dieudoune, The entire shipment is estimated to be worth \$500,000. Notwithstanding

all the precautions taken in loading, the animals were got aboard only with great difficulty. Zambesi blocked the way for nearly an hour, having finally to be loaded sling fashion. Just as the boat was getting under way Lady Lucas, greatly excited by the escaping of steam, iumped overboard and swam around in the water for nearly an hour before she was rescued. She appeared to be none the worse for her unusual experience.

The journey to Buenos Ayres requires twenty-six days. The fare for each horse is \$100 and \$240 for each of the men.

FRANK GILL HAS INCURRED A PENALTY.

One of the horses likely to start in the \$15,000 Empire City Handicap tomorrow has incurred a penalty of three pounds. This horse is Frank Gill. His assigned impost was 119 pounds. He won the Yonkers Handicap on the opening day of the Empire City meeting and in doing so raised his weight to 122 pounds. No other horse engaged has won a penalty. In Frank Gill's case it can be said that he is a notably good weight carrier and while his additional three pounds has not helped his chance of winning the big race, it has not greatly imperied it.

THE NEW ORLEANS PLAN IN DETAIL.

Cheap Racing at the Suburban Merry-Go-Round To

New Orleans, La., August 20.—Success in raising the \$2,000 sinking fund with which to begin operations has finally crowned the efforts of the Horsemen's Matinee Racing Club, A. Rouprich, president and manager, and racing will commence Saturday at the Suburban track to be held Saturdays and Sundays for an indefinite period.

While the new association declares it will not tolerate booking or the handbook betting system within its gates, it is believed that they will realize enough from gate receipts, bar and restaurant privileges and the sale of programs to keep the pot bolling. The horsemen, many of them owners of the fleeter class of "dogs" that frolicked over the Louisiana Driving and Racing Club's half-mile track and the Suburban half, are working on the support their venture who love racing for the sport's sale.

A mixture of harness races, with running events,

theory that there are enough people in the city to support their venture who love racing for the sport's sake.

A mixty—of harness races, with running events, will be carded for each of the week-end matinees, and the support of some of the leading owners of light harness horses here will be given the owners of the runners in their venture, simply because the whole procedure has the flavor of a movement which can appeal only to the lovers of speed contests, which promises to be conducted in a manner open and above board, and which will attract the better element of race-goers here.

At a recent meeting the decision to begin racing pext Saturday was reached. The program manped out will consist of a gentleman's driving race of one mile for a set of harness; a trotting event, 2:24 class, two in three heats, and three running races, \$100 purses to be hung up for the winners of the last four races mentioned.

The program for Sunday will consist of one free-for all trotting and pacing race and four running races.

"The association will conduct the meeting strictly within the Locke bill. No bookmaking or handbooks will be allowed," declared A. Rouprich, the owner of Suburban Park and a well-known local turfman. "All horsemen must register their horses who intend to participate at the meeting with J. W. Hill, the racing secretary, at Suburban Park on Tuesday between the hours of ten and three o'clock. Conditions will be announced Wednesday for Saturday and Sunday races."

Andrew Hauser is treasurer of the new organization. There are 200 members, all of whom have bought shares of stock at \$10 each, and most of whom are owners of horses which will be raced. A number of prominent people expressed their delight at the intention of the Matinec Club to operate and the experiment may prove a success.

OAKLAND RACE TRACK IMPROVEMENTS.

Work Has Already Begun on the California Jockey Club's Emeryville Course.

San Francisco, Cal., August 20.—The work of improving the Emeryville race track has already commenced. Improvements are now under way which will make the inclosure more commodious for the speculator and more comfortable for the spectator. Superintendent James J. Grant, under the supervision of Secretary Percy W. Treat, has undertaken to enlarge the betting ring and extend the seating accommodation so that the ground will easily be able to take care of the expected increase in attendance during the coming season.

A large number of workmen are now engaged in improving the grandstand and enlarging the betting ring and att will be quite six weeks before these improvements are completed.

The new betting ring will be seventy-five feet longer and thirty-five feet wider than before, it having been necessary to move the offices and lavatories in order to accomplish this end. The back of the old betting ring has been torn down and the roof will be extended over the old driveway, which beretofore led past the paddock, and in its place a new driving road will be made lower down, along the plant sidewalk that leads to the Sonthern Pacific Over the new section of the betting ring the grand-

Over the new section of the betting ring the grand-

stand will be extended, which will give accommodations for about 4,000 more persons. This new portion will, however, not be covered and will only be a popular spot in dry weather. Superintendent Grant has planned to remove the present offices of the track officials to the rear of the betting ring alongside the plank sidewalk and many improvements are under way to make the official headquarters more comfortable. The new building, when completed, will be sixty feet square.

The paddock has also been considerably altered and, as newly constructed, it will be easy for the patrons of that section to pick out any horse as soon as it enters the gate. The paddock stalls have been moved back twenty feet, leaving room in front for the horses to do their parading before they enter their stalls for saddling. The jockeys and jockey officials have not been forgotten, as new quarters are being designed that will make their lot happier and more comfortable.

THE MICHIGAN RACE TRACK FOR CHICAGO

It is now declared that the much-talked-about Michigan racing venture, one hour's ride from Chicago, originated among a group of local real estation folks who have land to sell. The land for the purpose was offered to some Detroit and New York politicians and there is a possibility that something may come of it. But the Michigan track is not a 1908 possibility it is now said.

NOTES OF THE TURF.

There is a chance that the Montreal meeting will e extended for the week intervening between the pening of Toronto.

Matt Byrnes, the veteran horseman, will be in charge of J. B. Haggin's shipment of mares and stallions, eighty-eight in all, which are to sent to Buenos Ayres.

Manager Hachmeister of Fort Erie, and his assist ant. H. Breyvogel, will make the trip from Buffal to Louisville at the close of the Fort Erie meeting by automobile.

Rosario, which raced this season in the colors of Mattie Corbett, has been schooling over the jumps at Sheepshead Bay and promises to be a good steeplechaser.

Thirteen yearlings from the Castleton Stud it Kentucky arrived at Sheepshead Bay last Tuesday The stable of A. L. Aste also received eighteen yearlings at the same course.

yearlings at the same course.

Immediately after each race at the Empire City track vendors of what they call "supplementary programs" run all over the grounds offering for sale the tissues containing the jockeys, corrected weights, scratches, etc., for twenty-live cents a copy.

The English Bentinck Benevolent Fund owes its origin to the fact that Lord George Bentinck, who exposed the Running Rein Derby fraud of 1844, refused to accept \$15,000 that was collected for him in connection with the affair. The construction of a chute at the commencement of the backstretch on the Yonkers track, together with the fact that for about a hundred yards the horses run down hill would account to some extent for the fast time made in all the six-furlongs races run at this meeting. Nevertheless, so fast is the track that even on the level surface in the center of the backstretch a quarter of a mile was timed in 21½ seconds Tuesday.—New York Herald.
